Details

Reyee RG-EW1800GX PRO Wi-Fi 6 Gigabit Wireless Router

The **Reyee RG-EW1800GX PRO** is a high-performance **Wi-Fi 6 (802.11ax) Gigabit Wireless Router** designed for homes, offices, hotels, cafes, retail stores, and small business networks requiring fast, stable, and secure wireless connectivity.

With dual-band Wi-Fi 6, high-gain external antennas, IPv6 support, Ruijie Cloud management, and Reyee Mesh 3.0, this router delivers wider coverage, improved user capacity, and reliable wireless performance for modern internet usage.

Key Features

Wi-Fi 6 (IEEE 802.11ax) technology
Dual-band wireless connectivity: 2.4GHz + 5GHz
Total wireless speed up to 1773 Mbps
4 external high-gain antennas for better coverage
Reyee Mesh 3.0 support for coverage expansion

Ruijie Cloud remote management support
IPv6 support for modern network deployment
Suitable for homes, offices, shops, restaurants, and small businesses

Technical Specifications

Category	Parameter	Specification
Wi-Fi	**Wi-Fi Standard**	Wi-Fi 6 (IEEE 802.11a
Wi-Fi	**Frequency Bands**	2.4GHz & 5GHz
Wi-Fi	**2.4GHz Speed**	573 Mbps
Wi-Fi	**5GHz Speed**	1200 Mbps
Wi-Fi	**Total Wireless Speed**	Up to 1773 Mbps
Antenna	**Antenna Type**	4 × External Antennas
Antenna	**2.4GHz Antenna Gain**	4.5 dBi
Antenna	**5GHz Antenna Gain**	6 dBi
Performance	**Maximum Clients - 2.4GHz**	64 Users
Performance	**Maximum Clients - 5GHz**	128 Users
Performance	**Recommended Clients - 2.4GHz**	12 Users
Performance	**Recommended Clients - 5GHz**	36 Users
Management	**Ruijie Cloud Management**	Yes

Category	Parameter	Specification
Management	**Reyee Mesh 3.0**	Yes
IP Service	**IPv6**	Yes

Package Contents

Item	Quantity
Wireless Router	1
Power Adapter	1
