Ruijie RG-EG105G-P V2

RG-EG105G-P V2 POE Switch

Ruijie RG-EG105G-P V2

Variants

V2

Details

Product Overview:

Brief introduction to the 5-port PoE switch.

Highlight the key features and advantages.

Technical Specifications:

Number of Ports: 5 ports with Power over Ethernet (PoE) support.

PoE Standards: Specify the PoE standards supported (e.g., IEEE 802.3af, IEEE 802.3at).

Power Budget: Total power budget for PoE devices connected simultaneously.

Data Transfer Speed: Specify the data transfer speed for each port (e.g., 10/100/1000 Mbps).

Switching Capacity: Indicate the switching capacity of the switch.

Forwarding Rate: Specify the forwarding rate in packets per second (pps).
