Details

Steel Banding – Specifications

Category	Specification
Product Type	Steel Strapping / Banding
Material	High-tensile Carbon Steel
Finish	Painted & Waxed (Anti-corrosion)
Strength	High tensile strength, low elongation
Width Options	1/2", 5/8", 3/4"
Thickness	Various (based on application)
Packaging	Coil (Ribbon-wound / Oscillated)
Surface	Smooth for easy tensioning
Resistance	Impact, weather, and corrosion resistant
Application	Load securing, bundling, industrial use
Usage Type	Indoor & Outdoor
Durability	Long service life
