USB3.0 TO 1000Mbps Ethernet Network Adapter 0.2M

USB3.0 TO 1000Mbps Ethernet Network Adapter 0.2M

Variants

DT-6550

Details

DTECH DT-6550 USB 3.0 to 1000Mbps Ethernet Network Adapter 0.2M

The DTECH DT-6550 USB 3.0 to Gigabit Ethernet Adapter provides a fast and stable wired network connection for laptops, ultrabooks, MacBooks, and other USB-enabled devices. It is compact, plug-and-play, and ideal for devices without an RJ45 LAN port.

Key Features

Feature	Description
Interface	USB 3.0 to RJ45 Gigabit Ethernet
Network Speed	Up to 1000Mbps
Chipset	RTL8135
Installation	Plug and play, one-click install
Driver Requirement	No CD driver required, Win 8 / 10 no driver needed
Hot Plug Support	Supported
Design	Portable aluminum alloy body with frosted finish

Power Supply	Powered directly by USB port, no external power needed
ESD Protection	±8KV electrostatic discharge protection

Technical Specifications

Parameter	Specification
Model	DT-6550
Product Type	USB 3.0 to Gigabit Ethernet Adapter
Cable Length	0.2 meter
Input Voltage	DC 5V
Input Current	900mA
Working Temperature	40°C to 50°C (ambient temperature 20°C)
Dimensions	62.2 × 23.4 × 6.5 mm

Compatible Devices

Category	Support
Compatible Devices	MacBook, Surface, Ultrabook, Lenovo Yoga series, LED display, laptop, desktop PC
Main Use	Adds wired LAN access through USB port
