

Remote of Android

Remote of Android

Variants

X96Q

Details

The **Android Remote** is a user-friendly replacement or spare remote designed for Android TV boxes and Android-based media players, including popular models such as the X96 series. It allows smooth navigation of the Android interface, easy control of apps, menus, volume, and multimedia playback functions. Built with durable buttons and a comfortable grip, this remote is ideal for home entertainment systems, hotels, and IPTV setups. It offers reliable performance and simple plug-and-play operation, making it a practical and cost-effective solution for controlling Android TV devices.
