Wi-Fi 6 5400Mbps Outdoor AP

Wi-Fi 6 5400Mbps Outdoor AP

Variants

WI-AP520AX-D

Details

Product Description:

Blazing-fast Wi-Fi 6 Speed up to 5.4Gbps

Built-in High-Gain Directional Antennas

Flexible Internet Access with 1GE RJ45 Port and 2.5G SFP Slot

802.3at PoE Input for Flexible Deployment

IP67-rated Ingress Protection

6kV lighting protection and 18kV ESD Protection

Wide Operating Temperature -40?-70?

Adjustable installation angle on horizontal and vertical, making deployment more flexible

With MU-MIMO and OFDMA, Ensures Multile Simultaneous Terminals Online

Support 1024-QAM, Enables Data Rate Increase

160MHz Channel Width for Higher Bandwidth and Stable Transmission

High-density Network Solution

Cloud Management
