Type-C Male to USB3.0 Ethernet 1G HDMI

Type-C Male to USB3.0 Ethernet 1G HDMI

Variants

Ethernet 1G HDMI DT-3315

Details

Type-C Multi-Function Hub – 5 Port

4K HDMI • 100Mbps LAN • USB 3.0 • USB 2.0 • PD 60W

Product Overview

The **Type-C 5-Port Multi-Function Hub** expands one compatible Type-C port into multiple useful connections for **display, wired network, USB devices and charging**. It is suitable for laptops, tablets, office work, presentations, meetings and multimedia use.

Main Features

? **4K HDMI** – Up to 3840 × 2160 @ 30Hz

? **100Mbps LAN** – Stable wired network connection

? **USB 3.0** – Data transfer up to 5Gbps

? **USB 2.0** – Connect USB peripherals

? **PD 60W** – Supports fast charging

5-Port Interface

1 × HDMI

4K video output up to 3840 × 2160 @ 30Hz

1 × RJ45 LAN

100Mbps wired Ethernet connection

1 × USB 3.0

High-speed data transfer up to 5Gbps

1 × USB 2.0

For keyboard, mouse, storage and other USB devices

1 × Type-C PD

Supports PD fast charging up to 60W

Technical Specifications

Parameter	Specification
Product Type	Type-C Multi-Function Hub
Total Ports	**5 Ports**
HDMI Output	Up to 4K @ 30Hz
Maximum Resolution	3840 × 2160 @ 30Hz
Ethernet	100Mbps RJ45 LAN
USB 3.0	1 Port • Up to 5Gbps
USB 2.0	1 Port
PD Charging	**Up to 60W**
Host Interface	USB Type-C
Compatibility	Compatible laptops, tablets and other supported Type-C devices

Suitable For

? Office & Workstation Setup

? Meeting & Conference Rooms

? HDMI Display & Projector Connection

? Wired LAN Connection

? Laptop & Tablet Port Expansion

> **Compatibility Note:**
> HDMI output and PD charging depend on the functions supported by the connected Type-C device. Please confirm that your laptop or tablet supports the required Type-C video output and charging functions.
