

Type-C Male to USB3.0 Ethernet 1G HDMI

Type-C Male to USB3.0 Ethernet 1G HDMI

Variants

Ethernet 1G HDMI DT-3315

Details

Type-C Multi-Function Hub (5-Port)

Product Overview

The Type-C multi-function hub provides five-port expansion to connect multiple devices and solve the problem of limited laptop ports. It supports 4K HDMI output for high-quality audio-visual experience and includes wired Ethernet connectivity for stable and fast internet access. Ideal for office work, conferencing, multimedia display, and everyday use with laptops, tablets, and other Type-C devices.

Product Specifications

Parameter	Details
