WIFI-6 AC1200 Full Router JIR-AC666R2

## Details

### Product Overview of WIFI-6 AC1200 Full Router JIR-AC666R2:

Experience cutting-edge Wi-Fi 6 technology with our AC1200 Full Router, JIR-AC666R2, offering faster speeds, expanded capacity, and minimized network congestion.

With next-generation speeds of up to 1.5 Gbps, our dual-band router delivers lightning-fast performance (1201 Mbps on the 5 GHz band and 300 Mbps on the 2.4 GHz band).

Empower your network to handle more devices effortlessly, thanks to Wi-Fi 6 technology's innovative OFDMA and MU-MIMO features, reducing latency and enhancing connectivity.

Powered by a robust 1.5 GHz tri-core processor, our router ensures seamless communication between your devices, eliminating buffering and ensuring smooth operation.

Enjoy unparalleled Wi-Fi coverage with the AC1200 Full Router JIR-AC666R2, utilizing beamforming technology and four antennas to focus signal strength precisely where you need it.

### Product Description OF WIFI-6 AC1200 Full Router JIR-AC666R2:

#### Product Specification:

High Master Frequency: Processor operating main frequency up to 1.0 GHz, 1600 DMIPs, high specification, high power coverage
QOS Intelligent Bandwidth: It can reasonably allocate and download bandwidth resources according to the needs of different users
Multi-level security: support IP filtering, MAC filtering, SSID hiding, advanced encryption and other multi-level security precautions
2T2R technology: signal dual channel transmission, dual channel reception
WIFI-6 AC1200 Full Router JIR-AC666R2

## Specification parameters OF WIFI 6:

Chipset	RTL8197FH-VG4+RTL8812FR+RTL8367RB-VC
FLASH	8MB
DDR2	64MB
Wireless rate	2.4 GHz?300Mbps&2*2
	5GHz?867Mbps&2*2
Antenna	4*5 dBi External antenna
Interface	1* GE WAN+3* GE LAN
Button	1* RESET+1* WPS
Indicator	POWER WAN 2.4G 5G WPS
Wi-Fi Agreement	IEEE 802.11b/g/n/ac support
MIMO modalities	MU-MIMO
Work model	Routing mode, AP mode, and relay mode
Management approach	Chinese WEB Remote Management
State	System state, interface state, and routing table
Wireless Configuration	Wi-Fi Basic Parameter Configuration / Blacklist
Network settings	Working mode: LAN/WAN address setting
System	System properties/password modification/backup upgrade/restart
Setup Wizard	Quick Configuration Wizard
MTBF	>20000 H
power consumption	?9 W
Working temperature	0??40?
Storage temperature	-40??70?
Working humidity	10%~95%, no condensation
Storage humidity	5%~95%, no condensation
Power adapter	DC 12V/1A
